PROFESSIONAL EXPERIENCE

FREELANCE, GLENDALE, CA

01/2023 - PRESENT

FREELANCE SOFTWARE ENGINEER: Develop and manage various web projects utilizing Next.js, TypeScript, and other contemporary web technologies. Compose tools and features with emphasis on intuitive user experience.

KEY COMPETENCIES: DATA MANAGEMENT, APPLICATION DEVELOPMENT, TYPESCRIPT, NEXT.JS, NODE.JS, HTML, CSS

Acquired 2,500+ unique visitors within 3 months by creating mobile application for Doopmarketer

- Surveyed market, determining strengths and needs of product
- Utilized component libraries like Chakra UI to display collect relevant information
- Extracted data from various sources using EthersJS in a Node.js serverless API

AGE OF LEARNING, INC. / ABCMOUSE.COM, GLENDALE, CA

10/2010 – 12/2022

SENIOR SOFTWARE ENGINEER (03/2018 – 12/2022): Worked on all end-to-end development process updates, utilizing JavaScript, PHP, MySQL, Docker, and AWS services. Led implementation for adaptive learning engine, while ensuring compliance with company goals. Worked across teams on software and production implementation.

KEY COMPETENCIES: DATA MANAGEMENT, PROCESS IMPROVEMENT, JAVASCRIPT, HTML, CSS, PHP, MySQL, AWS, JENKINS

Accelerated productivity by 300% for Curriculum Specialist team

- Assessed strengths and weaknesses of potential databases such as Neptune Graph
- Generated backend API for migration of relational tables to graph database
- Partnered with curriculum specialists, creating tools for mapping taxonomies on ABCMouse

KEY COMPETENCIES: RESEARCH & DEVELOPMENT, COLLABORATION, JAVASCRIPT, AWS NEPTUNE GRAPH DATABASE, PHP, MySQL

Saved \$100K per month by improving management of testing environments

- Created APIs to eliminate running EC2 instances
- Brainstormed solutions for allowing EC2 instances to go live for limited times
- Tested products to ensure compliance and efficiency

KEY COMPETENCIES: PROCESS IMPROVEMENT, MENTORING, JAVASCRIPT, HTML, CSS, PHP, AWS, DOCKER, JENKINS

Expedited development time by 40%, enhancing end-to-end developer experience

- Investigated tactics and strategies as employed by in-house marketing team
- Guided developers on integrating new UI framework with company vision
- Crafted multiple marketing pages using new framework

KEY COMPETENCIES: CROSS-FUNCTIONAL LEADERSHIP, MENTORING, COLLABORATION, JAVASCRIPT, CSS, WEB COMPONENTS

Reduced development time 40% by producing faster, more efficient framework rendering

- Evaluated modern frameworks, to consider most important functionality and utilities
- Implemented proprietary JavaScript framework while ensuring compliance with needs of company
- Produced base component libraries for managing, organizing, and storing data

KEY COMPETENCIES: RESEARCH & DEVELOPMENT, COLLABORATION, JAVASCRIPT, HTML, UI FRAMEWORKS, WEB COMPONENTS

Decreased by 60% development time of content tools and money spent for dedicated engineers

- Programmed generic JavaScript/JSON form builder
- Surveyed project managers and product owners, gaining insight on additional form elements needed
- Built specific form elements to align with differing product needs

SOFTWARE ENGINEER III (06/2015 – 03/2018): Developed various curriculum management tools, delivering helpful features and improvements with solid technical foundations. Composed framework for creating tools to facilitate the creation and deployment of content for products.

KEY COMPETENCIES: USER EXPERIENCE, PROBLEM SOLVING, PROCESS IMPROVEMENT, JAVASCRIPT, ANGULARJS, PHP, MYSQL

Developed series of JavaScript tools to prepare new product launch

- Negotiated with product owners and project managers on gathering requirements for tools
- Designed suite of tools in preparation for launch of new product
- Verified that tools complied with product needs in collaboration with game designers and other stakeholders

SOFTWARE ENGINEER II (04/2013 – 06/2015): Collaborated across teams on migration of ABCMouse's site from Flash/ActionScript to HTML/JavaScript, ensuring better end-to-end user experience. Designed tools that enabled animators to create 200+ high-quality activities and games on revamped site.

KEY COMPETENCIES: RESEARCH & DEVELOPMENT, MENTORING, ACTIONSCRIPT, JAVASCRIPT, HTML, CSS, PHP, MYSQL

Optimized time and revenue by streamlining animation development process

- Developed tool to deconstruct Flash Animations into a images and metadata
- Created and optimized JavaScript Animation Player to allow for 1:1 animation
- Trained team of programmers on how to execute tools, along with troubleshooting needs

FLASH DEVELOPER (10/2010 – 04/2013): Designed and implemented key features, increasing user engagement. Developed app's first iteration of Admin System, using JavaScript front-end PHP and MySQL back-end, resulting in faster release times and better user experience.

KEY COMPETENCIES: WEB DEVELOPMENT, DATA STRUCTURES, ACTIONSCRIPT, JAVASCRIPT, HTML, CSS, PHP, MYSQL

Delivered content 200% faster with first iteration of Admin system

EDUCATION

CALIFORNIA STATE UNIVERSITY, CHICO, CHICO, CA

BACHELOR OF ARTS – LINGUISTICS
